BE A CREATIVE INFLUENCER IN YOUR LOCAL AREA!

Are you:

- aged 13-17?
- enthusiastic about the arts?
- keen to be part of something new?
- living in Newark and Sherwood District?

We are setting up a group of 13-17 year olds who'll work together to spark conversations and influence real change. You would work alongside us at the National Civil War Centre, Palace Theatre Newark, and Newark Castle and Gardens for at least a year.

Join us to:

- help create events for young people
- gain valuable behind-the-scenes museum and theatre work experience
- have a fantastic project for your CV, UCAS or job application
- meet new people and go on free trips to inspiring places
- earn an Arts Award qualification

We meet on Saturday afternoons once a month, with snacks and drinks provided. You'll get to enjoy trips on some Saturdays to museums and theatres around the UK. We work on fun projects like creating new exhibitions and events in your local community. Plus, we'll give you a museum and theatre membership, which includes 20% off in Café Nineteen20.

There is nothing to pay, the cost of trips is covered, and we can help with travel expenses to get you to meetings.

Apply to join today!

There are just 12 places available for this exciting opportunity. Persuade us that you need to be part of the group by writing a letter, making a video, picture, PowerPoint, song, or coming up with something uniquely you to answer these questions:

- Why would you like to join the group?
- What do you love doing?
- How do you feel about arts, museums and theatres, and why? Be honest!
- Tell us two things you love about your local area and one thing you would change.

Then send your application to visitorinformationcentre@nsdc.info by Tuesday 9th May at 5pm with this extra information: your preferred name and pronouns, your postcode, date of birth, and languages you speak (other than English).

Everyone is welcome, and we encourage applications from people who identify as LGBTQIA+, disabled, neurodiverse, or born outside the UK.
